

JAYNE'S CARMINATIVE BALSAM

It is a certain, safe, and effectual remedy for Dysentery, Diarrhoea, or Looseness, Cholera Morbus, SUMMER COMPLAINT, Cholera, Griping Pains, Sour Stomach, Sick and Nervous Headache, Heartburn, Waterbrash, Pain or Sickness of the Stomach, Vomiting, Spitting up of Food after Eating, and also where it passes through the body unchanged, Want of Appetite, Restlessness, and Inability to Sleep, Wind in the Stomach and Bowels, Hysterics, Cramp, Nervous Tremors and Twitchings, Sea Sickness, Faintings, Melancholy and Lowness of Spirits, Irritating and crying of Infants, and for ALL BOWEL AFFECTIONS and NERVOUS DISEASES.

This is one of the most efficient, pleasant, and safe compositions ever offered to the public for the cure of the various derangements of the stomach and bowels, and the only article worthy of the least confidence for curing CHOLERA INFANTUM or SUMMER COMPLAINT; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for without exception, it is one of the most valuable family medicines ever yet discovered. Hundreds, nay, thousands of certificates have been received from Physicians, Clergymen, and families of the first respectability, bearing the strongest testimony in its favor, too numerous to publish.

NEW YORK, May 20, 1837.
Dr. D. Jayne—Dear Sir—Having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing that those who are afflicted with any of these complaints will find relief in the use of this valuable medicine. JONA. GOING, D.D., President of Granville College, Ohio.

WOODSTOCK, Salem Co., N. J., May, 1837.
From a long acquaintance with Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholera, Cramps, Looseness, Dyspeptic, Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with sourness of the Stomach; and believe that physicians will often find it a useful remedy in their hands, and one that is proper for domestic use, and can be put into the hands of persons at large with perfect safety. WM. BACON, M.D.

BALTIMORE, March 27, 1833.
Dr. Jayne—Dear Sir—You ask me what proofs I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again, and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it. Respectfully, M. L. KNAPP, M.D., Late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution.

BRIDGEPORT, N. J., July 19, 1836.
This may certify that I have used Doctor Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases. WILLIAM STELLING, M.D., Physician to the Cumberland N. J. Almshouse.

WORMS! WORMS!! WORMS!!!

Of all diseases to which children are exposed, none are so fatal to them as worms. Unfortunately, children are seldom free from them, and as they imitate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves into large balls, and obstructing the bowels, and frequently the throat, causing convulsions, and too often death. The best remedy ever yet known is

DR. JAYNE'S TONIC VERMIFUGE, which is perfectly safe, and so pleasant that children will not refuse to take it. It effectually destroys WORMS; neutralizes acidity or sourness of the stomach, increases appetite, and acts as a general and permanent Tonic, and is, therefore, exceedingly beneficial in Intermitting and Remittent Fevers, Indigestion, &c., and is a certain and permanent cure for FEVER and AGUE.

It not only destroys Worms, and invigorates the whole system, but it dissolves and carries off the superabundant slime or mucus so prevalent in the stomach and bowels of children, more especially of those in bad health. This mucus forms the bed or nest in which worms produce their young; and by removing it—it is impossible for worms to remain in the body.

It is harmless in its effects on the system, and the health of the patient is always improved by its use, even when no Worms are discovered. Numerous certificates of its usefulness have been received, which the proprietor does not consider necessary to publish; yet to give the reader an idea of its vermifuge powers, he will mention a few cases. He gave it to his little nephew, not four years old, and in a few days he discharged upwards of ninety large worms. He also gave it to his daughter, then about three years old, when it brought away thirty worms in one night.

Josiah Thompson, near Salem, N. J., administered this Vermifuge to a child between two and three years old, and says that in a few days she discharged one hundred and twenty-seven large Worms.

Mr. Joseph A. Lents, of the Penn Township Savings Institution, in this city, gave it to one of his children, and says that after the sixth dose it brought away about fifty Worms at once, five and six inches long.

Mr. Ferdinand Woodruff used two bottles of this Vermifuge for DYSPEPSIA, and in the course of two weeks discharged upwards of thirty pieces of TAPE WORM, and was thereby perfectly cured.

Another gentleman of this city had it administered to his little daughter, about three years old, when she had a number of discharges from her bowels, composed entirely of little white thread worms. He says, "they came away from her, not only by hundreds, but I may truly say, by thousands, separately and in solid balls as large as hickory nuts, composed entirely of dead worms."

IT CANNOT BE DENIED.

FOR truth is mighty, that Dr. LEIDY'S SARSAPA-

RILLA is the purest, strongest, and most efficacious

of any other preparation of Sarsaparilla that is made.

It is warranted to be stronger than six bottles of

most others, stronger than four of some, and stronger

than three of the strongest prepared by any other in

the United States.

Dr. Leidy's Sarsaparilla is recommended by all

respectable physicians in preference to any other.

All who have ever used it have derived more benefit

from one bottle than three to ten of others; and

those who, after having used other preparations with-

out benefit, will use Dr. Leidy's, will soon be con-

vinced (as thousands have already been) of the fore-

going assertion.

The apparatus with which Dr. Leidy's extracts,

used in his preparation of Sarsaparilla as prepared,

is the only one in the United States, imported by Dr.

Leidy himself, from the celebrated house of Pelletier

& Caventou, in Paris, at a great expense, and is ca-

pable of extracting the medicinal virtues of Sarsa-

parilla and other roots more effectually than by any

other process.

As several hundred certificates of remarkable

cures, and recommendations from clergymen and

physicians have been from time to time published

in different papers, it is only thought necessary to

keep the public acquainted as to where Dr. Leidy's

Sarsaparilla can be obtained genuine, namely, at Dr.

Leidy's Health Emporium, 191 north Second street,

near Vine street, (sign of the Golden Eagle and Ser-

pents.) Fred. Brown's, James Bond's, and Fred.

Klett's drug stores, Philadelphia, and at

Washington City.

DR. TAYLOR'S BALSM OF LIVERWORT.

Prepared at 375 Bowery, New York, is justly

celebrated as the most wonderful curative of pulmo-

nary diseases in the whole range of pharmacy, some

of our most respectable physicians use it in their

practice, prescribing it as the best of all remedies for

pulmonary complaints and physical debility, and they

unhesitatingly recommend it to be kept in every

family of a consumptive tendency. It is universally

received as one of the standard medicines of the day.

The great merit of Dr. Taylor's Balsam is, that in all

cases of pulmonary complaints it gives immediate

relief. A single bottle will, in most cases, reveal its

astonishing virtues, and open at once the fountain

of health and strength to the afflicted. Read the fol-

lowing certificate:

"Being constitutionally predisposed to Consump-

tion, (a number of my family having died with this

disease) and having suffered from irritation of the

Lungs, accompanied with cough and raising matter

and blood, together with severe pain in my side and

breast, till I was supposed to be beyond recovery, I

was induced by advice of Dr. Perkins, as a last re-

sult, to try "Taylor's Balsam of Liverwort," I have

taken five bottles in all. I began to improve with the

first bottle, and while taking the third, was so far re-

covered as to be able to get about. Since which time,

by continued use of it, I am quite restored, and

able to attend to my usual business. To persons suf-

fering from coughs and affections of the Lungs, I do

earnestly recommend it.

"JAS. C. SCOTT."

(Signed)

ELIZABETH CITY, N. C., Dec. 16, 1842.

Observe—The only genuine Taylor's Balsam

Liverwort has an engraved label around each bottle,

with the signature of Dr. Gordon J. Leeds, attached,

to prevent counterfeits. In order to be certain of ob-

taining the genuine article, purchase only at the

original office, 375 Bowery.

DYSPEPSIA.

To soothe the sufferings of human-
ity, to ameliorate the pangs of disease, is the
grand object of medical science. This is efficiently
demonstrated in the healing virtues of Dr. BENJA-
MIN BRANDRETH'S PILLS. The cures effected
by this medicine would fill volumes.

Views on indigestion as a source of undefined and
irregular Nervous Sensations.

"Ill, small at first, grow larger from delay;
And slowly eat their sad and creaking way;
Thus by successive throes, the frame is torn,
Till health and peace of mind alike are gone."

The nerves of the human body—those necessary and
mysterious agents which immediately connect man
with external nature—are singularly prone to have
their functions disordered by an oppressed condition
of the stomach; the minute termination of that por-
tion of the nerves expanded upon the organs of diges-
tion conveying the morbid impression to the Brain.—
And although the Head can, undoubtedly, like other
organs, be the seat of primary disorder, yet, in the
great majority of cases, the uneasy sensations there
experienced are symptomatic of disordered stomach;
and, further, there is abundant evidence to prove that
crudities in the stomach and bowels can, in every
grade of human existence, give rise to spasmodic ac-
tion in every organ of the body; and whether we sur-
vey it in the agonizing form of the Epileptic seizure—or
the alarming convulsions of the Epileptic seizure—or
the irritable condition of the nerves of the heart
occasioning nervous palpitation—they can all fre-
quently be traced to the source above mentioned,
and be cured by mild evacuant and tonic remedies.
To relieve a state of so much suffering and distress
(in which body and mind also participate) BRAND-
RETH'S PILLS are confidently recommended; as,
by combining aromatic tonic and cleaning properties,
they remove all oppressive accumulations, strengthen
the stomach, induce a healthy appetite, and impart
tranquility to the nervous system; and in fact, by
their general purifying power upon the blood, exert
a most beneficial influence in all cases of disease.—

DYSPEPSIA CURED.

BENNINGTON, Vt. Dec. 5th, 1843.

Dear Sir—I wish to add my testimony to the host
of others that you have in favor of your valuable pills.
In the year 1838, I was attacked with that disagree-
able complaint the Dyspepsia, which so affected me
that I could not take a particle of food, without the
most unpleasant and uncomfortable sensations in my
chest, head and bowels. My chest was so sore that
I could not bear the slightest pressure without giving
me pain. My health was most miserable; many
physicians told me they thought I was in the consump-
tion, and that if I did not give up my business, and
change climate, I could live but a short time.

I tried every thing in the shape of medicine, and
consulted the most skillful physicians, but found no
permanent relief. I became discouraged, gloomy,
sad, and sick of life; and, probably, ere this, should
have been in my grave, had I not felt in with your
precious medicine. A friend of mine, who had been
sick of the same complaint, advised me to try your
pills; but having tried most other medicines without
obtaining any relief, had but little faith that your pills
would be of benefit to me; but, at his earnest solici-
tation, I procured a box and commenced taking them.

The first box produced little or no effect, and I be-
gan to despond, for fear that your medicine would
prove like others I have taken; but my friends argued
that one was not a fair trial, and I purchased a sec-
ond, and before I had taken the whole box I began to
experience a change! the pain in my chest began to be
less painful, and my food did not distress me so much
as formerly. I went on taking them until I had taken
six boxes, and my Dyspepsia was gone, and my ex-
pectation of an early death vanished, and I felt like
a "new creature." I was then, and am now a
healthy man. I have never since been troubled with
the Dyspepsia. I have administered your pills to the
members of my family, and to my friends, and in all
cases with good success. You can publish this if it
will be of any use to you. I am, dear sir, truly yours,
J. I. COOK,

Publisher of the State Banner.

THE WONDERFUL CURES

Per-
form-
ed by Dr.
SWAYNE'S
Compound Syrup
of Wild Cherry, in
Pulmonary CONSUMP-
TION, have excited the as-
tonishment of all who have wit-
nessed its marvellous effects; there is
no account of a medicine, from the earliest
ages furnishing a parallel; the almost
miraculous cures effected by this
extraordinary medicine, are un-
precedented. One among
the many certificates
may be seen
below.

CINCINNATI, Feb. 15, 1840.

DR. SWAYNE—Dear Sir:

PERMIT me to take the liberty of writing to you
at this time to express my approbation, and to
recommend to the attention of heads of families and
others your invaluable medicine—the Compound
Syrup of Prunus Virginiana, or Wild Cherry Bark.
In my travels of late, I have seen, in a great many
instances, the wonderful effects of your medicine in
relieving children of very obstinate complaints, such
as Coughing, Wheezing, Choking of Phlegm, Asthma-
tic attacks, &c., &c. I should not have written
this letter, however, at present, although I have felt
it my duty to add my testimony to it for some time,
had it not been for a late instance where the medi-
cine above alluded to was instrumental in restoring
to perfect health an "only child," whose case was
almost hopeless, in a family of my acquaintance. "I
thank Heaven," said the doating mother, "my child
is saved from the jaws of death!" and I now say and
believe that, beyond all doubt, Dr. Swayne's Com-
pound Syrup of Wild Cherry is the most valuable
medicine in this or any other country. I am certain
I have witnessed more than one hundred cases where
it has been attended with complete success. I am
using it myself in an obstinate attack of Bronchitis,
in which it proved effectual in an exceedingly short
time, considering the severity of the case. I can re-
commend it in the fullest confidence of its superior
virtues; I would advise that no family should be
without it; it is very pleasant and
